

 The College of Naturopaths of Ontario	Policy Type Drugs and Substances	PROFESSIONAL PRACTICE POLICIES
	Title Inhalation Therapy	Policy No. PP01.1
		Page No. 1

To establish a policy interpreting for the Naturopathic profession, the controlled act of administering a substance by inhalation in conjunction with the College's Controlled Acts Regulation, the *Naturopathy Act, 2007*, and the *Regulated Health Professions Act, 1991*.

Policy	General	The Controlled Acts Regulation governs the administration of a substance by inhalation. A member may only administer a substance listed in the Regulation using a mask, nasal cannula or aerosol inhaler.
	Non-inhalation	Any substance that is inhaled without a mask, nasal cannula or aerosol inhaler is interpreted by the College to not constitute administration by inhalation.
