

The College of Naturopaths of Ontario

**Conflict of Interest  
Summary of Council Members Declarations 2020-2021**

Each year, the Council members are required to complete an annual Conflict of Interest Declaration that identify where real or perceived conflicts of interest may arise.

As set out in the College by-laws, a conflict of interest is:

**16.01 Definition**

For the purposes of this article, a conflict of interest exists where a reasonable person would conclude that a Council or Committee member's personal or financial interest may affect their judgment or the discharge of their duties to the College. A conflict of interest may be real or perceived, actual or potential, and direct or indirect.

Using an Annual Declaration Form, the College canvasses Council members about the potential for conflict in four areas:

Based on positions to which they are elected or appointed;  
Based on interests or entities that they own or possess;  
Based on interests from which they receive financial compensation or benefit;  
Based on any existing relationships that could compromise their judgement or decision-making.

The following potential conflicts have been declared by the Council members for the period April 1, 2020 to March 31, 2021.
