
 The College of Naturopaths of Ontario	Policy Type EXAMINATIONS	PROGRAM POLICIES
	Title Prescribing and Therapeutics Program & Examinations Policy	Policy No. P06.04
		Page No. 1

Intent/Purpose	To establish a policy governing the prescribing and therapeutics program and examination for the College of Naturopaths of Ontario (the College).	
Definitions	Candidate	Any person who has submitted an examination application or is engaged in any examination or appeal, which leads to the recording and/or issue of a mark, grade or statement of result or performance by the College.
	General Class Certificate of Registration	As defined in section 1(1) of the Health Professions Procedural Code means a Certificate of Registration issued by the Registrar, which satisfies the General Class registration requirements as per section 5(1) of the Registration Regulation.
	Deferral	A granted postponement of a Candidate's attempt at one or more examinations.
	Drug	As defined in the <i>Drug and Pharmacies Regulation Act</i> .
	Examinations Accommodation	An adjustment to testing conditions, examination requirements or examination scheduling to address a Candidate's current needs arising from a disability, physical limitation or religious requirement.
	Examination Violation	A contravention of the College's Examination Policy, or Examination Rules of Conduct.
	Good Standing	The status assigned to a Member when he or she is current on dues and payments and is current with the registration requirements assigned to their Class of Registration.
	Prescribing and Therapeutics Examination	A two-part examination approved by the Council of the College that includes both written and oral components which tests a Member's competency to compound, dispense, sell, administer by injection or inhalation those drugs tabled in the General Regulation and engage in therapeutic prescribing.
	Member	As defined in section 1(1) of the Health Professions Procedural Code, means a Certificate of Registration issued by the Registrar.
	Registration Committee	The statutory committee of the College responsible for all registration matters referred to it by the Registrar, and the imposition of terms, conditions or limitations on Certificates of Registration as deemed necessary in accordance with the Health Professions Procedural Code.
	Registrar	The individual appointed by the Council of the College pursuant to section 9(2) of the Health Professions Procedural Code which is Schedule II of the Regulated Health Professions Act, 1991 and who performs the duties assigned to that position under the Act, the Code, the Naturopathy Act, 2007 and the regulations made thereunder.

Registration Regulation	Ontario Regulation 84/14 as amended from time to time.
Standard of Practice for Prescribing	As defined in section 9(5) of the General Regulation meaning the education and examination requirements necessary to demonstrate competency in the practice of prescribing.
CNME	The North American accrediting agency for naturopathic educational programs that is recognized by the College of Naturopaths of Ontario.

General	Regulation	<p>Determinations of whether a Member has met the Standard of Practice for Prescribing, or whether a therapeutic prescribing course is approved, will be made in accordance with the General Regulation and this policy.</p> <p>Registration staff and Members of the College will act in accordance with this policy, the Examinations Policy and Examination Rules of Conduct, and any applicable procedural manuals.</p>
	Eligibility Requirements for the Practise of Therapeutic Prescribing	<p>Any Member who wishes to perform the controlled acts of prescribing, compounding, selling, or dispensing a drug, or administering a drug by injection or inhalation must:</p> <ul style="list-style-type: none"> • Hold a General Class without any terms, conditions or limitations which restrict the Member from engaging in direct patient care; • Be in Good Standing with the College; • Have successfully completed a training course in therapeutic prescribing, approved by Council, that covers the core competencies for the practise of prescribing, and an examination in therapeutic prescribing administered or approved by Council; • Meet the requirements as set out in the Quality Assurance Program for Continuing Education related to prescribing.
	Skills Atrophied	<p>Members holding an inactive class Certificate of Registration or a general class Certificate of Registration with a non-clinical Term, Condition or Limitation (TCL) with the College for more than two (2) years are deemed to have atrophied in skill and no longer meet the Standard of Practice, and as such must complete the eligibility requirements as set out above, prior to being eligible to practise the controlled act of prescribing a drug.</p>
	Core Competencies for the Practise of Therapeutic Prescribing	<p>Members performing the controlled act of prescribing a drug possess the knowledge, skill and judgment in the following core competencies to ensure safe and effective practise:</p> <ul style="list-style-type: none"> • Clinical rationale, including knowledge of indications and contraindications related to prescription and non-prescription

drugs and substances, knowledge of appropriate starting dosages and titration schedules, and the ability to assess when a prescription is not an appropriate treatment option;

- Therapeutic treatment plans, including medical history taking, medications and allergies, physical examination and informed consent requirements, appropriate tests and labs for monitoring, referral indicators, and the ability to interpret results, evaluate patient outcomes and assess patient response to treatment;
- Record keeping, including knowledge of documentation, charting, prescription writing and prescription labeling requirements;
- Ontario approved drugs and substances as tabled in the General Regulation, limitations, and related standards of practice around the controlled acts of prescribing, dispensing, compounding, or selling a drug or administering a substance by inhalation or injection;
- Adverse reactions and emergency situations, including knowledge of how to assess, and respond to an adverse drug reaction, how to administer emergency substances, dosages and route of administration for emergency substances, reporting an adverse drug reaction in conjunction with Health Canada reporting requirements and knowledge of emergency referral indicators and procedures;

Therapeutic
Prescribing
Training
Courses

Approval

In order for the Council to approve a course, and for that course to be recognized by the College for training in therapeutic prescribing, and qualification of Candidates for the Prescribing and Therapeutics examination, all course materials, including a detailed course outline, course references, and any documents or hand-outs that would be provided to the course participants must be submitted along with an application to the Registration Committee for review and recommendation to the Council.

In reviewing an application for approval, the Registration Committee will base their decision on the following criteria:

1. Course material must be fully referenced;
2. Course is a minimum of 32 hours of structured learning and covers all core competencies necessary for the practise of therapeutic prescribing;
3. Course material must adhere to Ontario legislation and regulation, College policy, standards and regulation, and must align with other regulated health profession industry standards for therapeutic prescribing;
4. All participants who successfully complete the course must be provided with a certificate of completion signed and dated by the course instructor
5. The course must contain content which addresses the following:

- Evidence based prescribing, principles and practice including informed decision making related to prescription and non-prescription medications for the treatment of cardiovascular disorders, psychological issues, pain management, respiratory disorders, endocrine disorders, reproductive issues, dermatological issues, nutritional deficiencies, and addiction issues;
- How to create therapeutic plans and monitor therapy to ensure safe and effective treatment for specific conditions;
- Medical history taking with respect to prescription medications, selecting appropriate starting doses and titration schedules when initiating select prescription medications, and strategies for determining when a prescription may not be needed or may be harmful;
- How to recognize and report situations where an adverse drug reaction may have occurred.
- Writing prescriptions using patient case scenarios, defining risks, benefits and monitoring parameters;
- Ontario regulation, related standards and requirements with respect to the controlled acts of prescribing, dispensing, compounding or selling a drug or administering a drug by injection or inhalation, and the drugs tabled in the General Regulation.

Course Audits The Registration Committee reserves the right to audit the course and all related content and references at its discretion, and at the cost of the course instructor(s).

Course Updates Course material must be updated on an on-going basis to reflect applicable changes to College regulations, policies and standards, Ontario legislation and regulations, and other regulated health profession industry standards concerning the controlled act of prescribing, and such changes are subject to a review and approval by the Registration Committee.

Any updates must be submitted to the Registration Committee prior to implementation.

Course Changes Changes to course material and/or references must be reviewed and approved by the Registration Committee.

Any changes must be submitted to the Registration Committee prior to implementation.
