These may be provided by naturopaths, other regulated healthcare professionals, previous practice supervisors, previous clients, employers, or members of the public.

Exemption Request Outcomes

Applicants who do not satisfy 3(3) of the Registration Regulation, but have demonstrated a degree of proficiency that would, with supervision, provide adequate safeguarding of public safety and competent care, may be granted a temporary exemption from the requirement, and may have Terms, Conditions, and/or Limitations (TCLs) placed on the certificate of registration. The TCLs may include but are not limited to:

- requiring the registrant to disclose to all potential employers that they have not yet met the College's language proficiency requirement; and/or
- imposing conditions for supervision (e.g., written documentation, verbal communication); and/or
- imposing limitations regarding practice settings or controlled acts.

PLAR applicants who are unable to satisfy language proficiency requirements but whose alternative objective evidence demonstrates a sufficient degree of proficiency to enable them to competently complete the PLAR may be granted an exemption to be permitted to proceed with initiating the PLAR program.

This exemption may be reviewed again at point of application for registration to determine whether a TCL on a certificate of registration is required. In such instances, the PLAR applicant will be provided with an opportunity to provide additional documentation to address 3(3) of the Registration Regulation.
